Home Loans with Kinecta
We offer four options for members who are currently experiencing hardship and require assistance:

1. **Loan Modification.** For members who desire to remain in their primary residence. Kinecta uses a combination of the following to achieve a reasonable modified loan payment: capitalizing any outstanding interest, extending the loan term, and lowering the interest rate. Please note that not all members will qualify.

2. **Short Sale.** For members who do not wish to remain in their homes and would like to sell the house for less than the total amount owed on the loan.

3. **Deed-in-Lieu.** For members who do not wish to remain in their homes and cannot sell the home due to mitigating circumstances. Prior approval from Kinecta is required.

4. **Foreclosure.** For members who cannot afford to live in their house and would like assistance.

To get started, simply follow the links, complete the forms, and submit the package to Kinecta.
